SUBJECT INDEX*

Book reviews are indicated by (B. Rev.) after the page number; editorials, by (*E*) after the page number.

A

A manual of surgery for nurses, 488 (B. Rev.)

Abdominal adhesions, study of use of silk, catgut, and Noble plication with reference to (Donaldson and Cameron), 511

Acetylation of sulfanilamide (Stewart, Rourke, and Allen), 232

Acidity and peptic activity of gastric juice, effect of gastrectomy on (St. John, Flood, and Guis), 179

Acute appendicitis, etiological factors in (Collins), 267
  simple and complicated (Hawk and Woodhouse), 837
  empyema (nontuberculous), treatment of, by irrigation and negative tension (Hochberg and Fiore), 725
  pancreatitis (Fallis and Plain), 358
  suppurative appendicitis complicating severe untreated thyrotoxicosis (Mora and Pearlman), 374

Adhesions, abdominal, study of use of silk, catgut, and Noble plication with reference to (Donaldson and Cameron), 511
  about nerve trunk, chronic sciatic pain due to, and results of removal by operation (Wagoner), 609

Agglutinin, bacterial, in bile of patients with cholelithiasis (Sterling), 865

Agglutinins in serum and bile of dogs following cholecystitis produced by injections of typhoid bacilli (Sterling), 663

Anastomosis, intestinal, oblique, aseptic, end-to-end (Dennis), 548

Aneurysm of splenic artery (Guy), 602

Angina, Ludwig's (Grodinsky), 678

Angiomatous tumors of hands and feet (Oughterson and Tennant), 73

Anorectal surgery, minor, recent advances in, common problems of (Scarborough), 952

Anticus, scalenus, syndrome (Gage), 599

Anus, rectum, and sigmoid colon, 809 (B. Rev.)

Appendiceal peritonitis, treatment of (Lundgren, Garside, and Boice), 813

Appendicitis, acute, etiological factors in (Collins), 267
  simple and complicated (Hawk and Woodhouse), 837
  suppurative, complicating severe untreated thyrotoxicosis (Mora and Pearlman), 374
  complicated, nondrainage in (Pickell), 851

Applied anatomy, functional and topographical, 652 (B. Rev.)

Arterial injections with stasis in therapy of infections (dos Santos), 436

Arteries, superior and inferior mesenteric, celiac axis, gradual complete occlusion of, with survival of animals (Blalock and Levy), 175

Artery, splenic, aneurysm of (Guy), 602

Aseptic, oblique, end-to-end intestinal anastomosis (Dennis), 548

Atelectasis, postoperative pulmonary, treatment of (Moore), 420

B

Bacterial agglutinin in bile of patients with cholelithiasis (Sterling), 865

Bandage boot, elastic, for varicose veins (Knott), 446

Bank, blood, organization and technique of, at Philadelphia General Hospital (Cameron and Ferguson), 237

Bezoars and concretions (DeBakey and Ochsner), 132

Bilateral bronchiectasis, surgical treatment of, with report of case of bilateral lobectomy (Bradshaw and Chodoff), 593
  lobectomy, surgical treatment of bilateral bronchiectasis, with report of case of (Bradshaw and Chodoff), 593

Bile and serum of dogs, agglutinins in, following cholecystitis produced by injections of typhoid bacilli (Sterling), 663
  bacterial agglutinin in, of patients with cholelithiasis (Sterling), 865

Biliary fistulas, internal (Dean), 857

Blood bank, organization and technique of, at Philadelphia General Hospital (Cameron and Ferguson), 237
electrolytes, blood volume, and serum protein, effect of thermal trauma on (Keeley, Gibson, and Pijoan), 872
pressure, effects of ischemia on (Blalock and Levy), 175
volume, serum protein, and certain blood electrolytes, effect of thermal trauma on (Keeley, Gibson, and Pijoan), 872
Bone, dislocated semilunar, of wrist, operation for (Mahorner and Meade), 249
Bones of hands and feet, tumors primary in (Coley and Higinbotham), 112
Book reviews, 323-326, 484-490, 650-652, 809-812, 970-974
Breast, cancer of, clinical classification of (Schenck), 567
tumors of, removal of, without visible scars (Babcock), 226
Bronchiectasis, bilateral, surgical treatment of, with report of case of bilateral lobectomy (Bradshaw and Chodoff), 593
Bronchus, left main, nonfatal rupture of, from external trauma (Jones and Vinson), 228
Burns, experimental study on effect of; effect of thermal trauma on blood volume, serum protein, and certain blood electrolytes (Keeley, Gibson, and Pijoan), 872
Bursitis, subcutaneous dorsal digital (Howard), 939

C

Cancer of breast, clinical classification of (Schenck), 567
of prostate, results of treatment in (Creevy), 405
Carcinoma of hands and feet (Mason), 27
of right colon (Ransom), 340
of stomach, perforation of (Dickinson), 543
Catgut, Noble plication, and silk, use of, with reference to abdominal adhesions (Donaldson and Cameron), 511
Caulk, John Roberts. In memoriam (Rose), 615
Celiac axis, superior and inferior mesenteric arteries, complete occlusion of, with survival of animals (Blalock and Levy), 175
